RE: MOSIS Student Pre-ID File (EOC Pre-Coding)

MOSIS Student Pre-ID File Submission

The MOSIS Pre-ID Student Submission file is now available for the summer End-of-Course assessments by accessing the MOSIS Data Collection component. Please be advised that the summer administration of the End-of-Course assessments (Algebra I, English II and Biology) is considered the 2009-2010 school year and scores will be included in 2010 Adequate Yearly Progress (AYP) and the 2010 Annual Performance Report (APR).

The MOSIS Pre-ID collection window is currently open and ends on **Monday, May 4, 2009**. If your district is assessing students during the summer End of Course Test Window, **June 16 - August 31, 2009**, a Pre-ID file **MUST** be submitted to the department. Status bubbles located on the Student Information Sheet can be used if a student who was included in your Pre-ID file was not assessed. If after you submit your Pre-ID file, the district determines a student should be assessed and does not have a pre-code label, please fill out the entire Student Information Sheet and submit with the assessment. More information can be found at <http://www.dese.mo.gov/MOSIS/precode.html>.

If you have questions, please contact the Accountability Data and Accreditation Section at 573-526-4886.
